## Introducing Ghost III

The Ghost-III immobilizer has revolutionised vehicle protection by seamlessly integrating with your vehicle's electronic management system, making it untraceable, and immobilizes your vehicle without the need for external indicators or alterations.

## Additional Solutions

1. Tracking and Recovery solution that integrates with Ghost III for the ultimate anti-theft solution with remote management
2. Alcohol ignition interlocks
3. Customised solutions for police fleets.

**Our GHOST immobilizer has protected over 1,000,000 vehicles and with zero reported thefts, our track record is unmatched.**
